Many 'off the shelf' print insurance products will not take into account the specialisms of the print industry or understand how your company may differ from another.

CLAIMS

A key part of any broker's service is ensuring that any claims you make are dealt with efficiently by individuals who have an understanding of your situation and will ensure that the impact to your business is minimised. You have the security of knowing that you will have access to a team of professionals who will be there to advise and support you if required.

RISK MANAGEMENT

The cover we provide you with will help protect your business and return it back to working order as soon as possible, but prevention is always better than cure.

An effective risk management programme enables you to operate a safer business environment as well as contributing to its security and stability.

We can negotiate preferential terms across a wide range of services to help you reduce and manage risk and help prepare your business should an incident occur:

- Health and safety audits and surveys
